

3 WAYS TO SAVE

Adjust-a-Sink®
Adjustable height shampoo solutions

\$3300

Average salon transfer assistance cost per year*

4.5 HOURS

Average time spent waiting for transfers per week*

\$15,800

Average cost of healthcare work comp claim**

SAVE LABOR & EXPENSE

Adjust-a-Sink pays for itself in 2 years with the cost savings from labor to help move residents from chair to chair.

SAVE ON TIME

Adjust-a-Sink saves time by keeping the resident comfortable in their own chair throughout their entire service without having to wait for transfers to the sink. More services can be booked per day with reduced down-time and wait-time.

SAVE ON INJURY CLAIMS

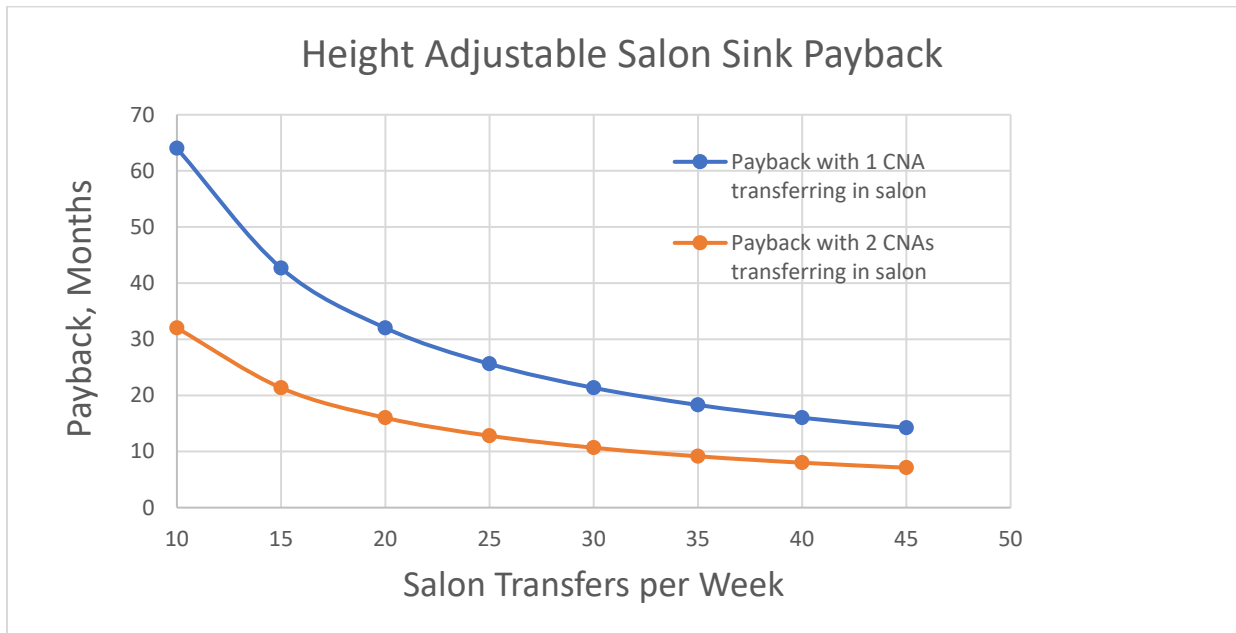

Adjust-a-Sink helps prevent injuries and falls by allowing the resident to stay securely seated in their own chair throughout the entire service. This greatly reduces the risk of injury to the resident, assistants and stylist.
